Temporarily Postponed

PRESENTATION OF GUESTS

The Chair introduced and welcomed a delegation of students from the Senior Government Class of Immaculate Conception Academy.

SPECIAL ORDER — 2:00 P.M.

Remarks by recently-retired members of the Board of Supervisors.

President Feinstein, on behalf of the Board, acknowledged and welcomed the recently-retired members of the Board and their families in attendance, prior Dean of the Board, Supervisor Peter Tamaras and his wife, the youngest in seniority of the retired members, Supervisor Jane McKaskle Murphy, Supervisor Terry A. Francois, and Supervisor John J. Barbagelata, his wife and family. The President noted that the Board looked forward with pleasure to hearing remarks from each of the former members.

The Chair recognized the former Dean of the Board, Supervisor Peter Tamaras.

Former Supervisor Tamaras commented that he had enjoyed his tenure of some 17 years on the Board, noting that during said period he had seen many changes and fine pieces of legislation come to fruition to the benefit of the City. He noted there were several matters he would like to see brought to reality affecting the welfare of the City such as the long delayed Yerba Buena Center development, completion of the Performing Arts Center, and constructive development of the Port of San Francisco so that it may become the fine deep water port it was meant to be, creating jobs for the people of the city and county. He stated that he believed the new Board has to continue to advance the rights of minorities, senior citizens and youth, social welfare and health programs, and the control of crime in the City so that citizens may walk the streets without fear. He remarked that during his tenure he had attempted to be responsive to community concerns and the need for a balanced economy. He cautioned that for the survival of district elections it would be necessary for members to vote on matters that will benefit the City as a whole. He expressed his deep appreciation for the privilege of having served for so many years on the Board and extended his best wishes to each member, expressing his deep hope that the members will enjoy their stay on the Board, that their terms will be productive and successful, and that the new Board will prove to be one of the most constructive Boards in the history of San Francisco.

The Chair then recognized Supervisor Terry A. Francois, the next highest in seniority of the former members.

Former Supervisor Francois expressed his appreciation for the

opportunity to speak to the new Board. He noted that when he came on the Board in 1964 he felt that he was faced with a serious challenge and that the tasks ahead would be difficult ones. He went on to say that he perceives the tasks ahead for the new Board to be much more difficult with the problems of the City now being much more complex. He commented that district representation would present a dual challenge, with members necessarily working for their individual constituencies but not losing sight of the fact that they also represent all of the people of this great City. He predicted that the new Board will find more problems to solve than differences and appealed to the members to transcend district lines so that the tax rate will be kept within reasonable limits, thereby reflecting favorably on all. He expressed the hope that the State Legislature would come up with meaningful tax reforms before the June election when the Jarvis-Gann initiative will appear on the ballot. He commented that unemployment affects all, with its effects felt throughout the City and not confined to any one district. Because of such effect, he urged the Board to deal with the question of the Yerba Buena Center, which not only affects hotels, restaurants and those who cater to the tourist trade, but the economy and all districts as well. He remarked that the Airport must remain competitive, that it is a problem for the entire City, as likewise is the Port. He cited other problems of concern to the entire City with which the Board will be faced, such as the sewer service charge, wastewater management, the Giants and Candlestick, and operation of the Muni and Muni fares. He observed that loss of the middle class to the suburbs affects everyone so that while seeking to meet the needs of the poor and persons of low income the needs of the middle class cannot be ignored, and that the growth and health of private business affects all. He remarked that while he had concerns about district elections, the people have spoken and he expressed his hope that the new system is effective. He mentioned that while he was born in the City of New Orleans, he chose as his adopted City the greatest City in the world and felt fortunate to have served on its Board of Supervisors. He again expressed the hope that the new Board establishes good working relationships and works together to make San Francisco an even greater City.

The Chair then recognized former Supervisor John J. Barbagelata.

Former Supervisor Barbagelata remarked that he had no advice to give to the new Board, that his voice had been heard rather frequently during the past eight years. He stated that he had come to see the composition of the new Board and noted that it is in order as it has always been. He commented that he primarily wished to publicly express his appreciation to his family for having been so courageous, patient and understanding during his tenure in office. He stated that he had not shown off his family very often and, since he is very proud of them, wanted to take this occasion to introduce them. He thereupon introduced his wife, Angela, and children, his daughters Anna, Elisa, Marina, Angela and Elena,

and his sons, Paul, Mark and John. He then wished the new Board the best of luck and expressed his hope that the members will work together as a unit to effect the passage of legislation of benefit to all the people of San Francisco, and that the members will represent prime quality in service to the community and in all their goals.

The Chair then recognized former Supervisor Jane McKaskle Murphy.

Former Supervisor Murphy stated that she had first thought it would be presumptuous to speak as a Supervisor emeritus at this meeting in that she is the youngest former member of the Board in terms of seniority, but noted that since she is also the senior member insofar as years are concerned she decided she was old enough and had lived long enough to share her concerns with the present Board, not only as a former member but as a citizen of San Francisco. She interjected that she just wished she had eight grandchildren to introduce but only has two. She commented on the extensive number of pieces of legislation which are considered by the Board and, while recognizing there must be laws, urged the new Board to consider possibly not passing so many restrictive new laws but likewise to consider repealing obsolete ordinances. She remarked that she agreed with everything the prior speakers had said. She also urged that the ten-minute speaking limit be strictly adhered to by the Board in order to shorten the length of meetings. She indicated that in her opinion the number one problem in the country today is unemployment, as spoken to previously by both Supervisor Tamaras and Supervisor Francois, and commented that she personally is not satisfied with a five, six or seven percent unemployment rate but wants zero unemployment, as everybody should have the right to a job. She stated that Hubert Humphrey will be missed and that we all ought to take a leaf out of his book and attempt to do locally what he had done on a national level. She expressed the belief that the Board should look to the health of the community, not only physical health, but mental and emotional health as well, which are worthy of an investment of time, effort and money. She also expressed the hope that efforts would be made to save the Tuolomne River and expressed her delight in having been accepted as a member of the Board and having been able to participate in its deliberations.

Supervisor Tamaras then rose for the purpose of introducing his wife, Effie, and commented upon her understanding, patience and help to him throughout his many years on the Board.

The President, on behalf of the entire Board, thanked the recently retired members for having come to the meeting to share their views, for their legislative ability, the tough and good times they shared, and the long, untold hours of work each had put in, noting that such an expression of thanks was little acknowledgment indeed.

Request Granted

Supervisor Molinari requested that a communication be directed to the Department of City Planning, requesting that a review be conducted of the traffic problems at the site of the community residential program at 1516-20 Dolores Street.

No objection and Clerk directed to comply.

Refused Adoption

The following from the Clerk was taken up:

Resolution disapproving decision of City Planning Commission by its Resolution No. 7804 approving conditional use in R-3 and proposed RH-2 Districts to permit Community Residential Program at 1516-18-20 Dolores Street; certifying review of negative declaration.

File 93-77-10, Resolution No.

Supervisor Milk, seconded by Supervisor Lau, moved adoption.

Appointment of President Pro Tempore

At the request of the President, Supervisor Molinari assumed the Chair in order that the President might participate in the debate from the floor.

Motion Withdrawn

Supervisor Feinstein, seconded by Supervisor White, moved that the conditional use authorized by the City Planning Commission be subject to a limit on the number of persons cared for at said residential care facility to that number duly authorized by the codes of the City and County of San Francisco for said building.

On questioning, Deputy City Attorney James J. Stark advised that the proper procedure for the Board to follow in order to add a specific condition to the conditional use authorization at subject property would be first to adopt the resolution on calendar disapproving the decision of the City Planning Commission by its Resolution 7804 approving the conditional use to permit the community residential program, and then to prepare and adopt a resolution authorizing the conditional use subject to whatever conditions the Board wishes to apply.

After further discussion, there being no objection, Supervisor Feinstein withdrew her pending motion.

Explanation of Parliamentary Procedure

The Chair explained the parliamentary procedure as follows:

"An 'aye' vote will overrule the City Planning Commission, and refuse to permit the conditional use. A 'no' vote will sustain the City Planning Commission and permit the conditional use. It requires eight 'aye' votes to overrule the City Planning Commission."

The roll was thereupon called on the pending proposed resolution and it was refused adoption by the following vote:

Ayes: Supervisors Dolson, Kopp—2.

Noes: Supervisors Feinstein, Gonzales, Hutch, Lau, Milk, Molinari, Pelosi, Silver, White—9.

Motion Withdrawn

Supervisor Feinstein thereupon moved that a condition be added to the conditional use authorization to provide for limitation of occupancy at said facility to that number of persons as determined by applicable provisions of the City Planning Code.

Upon being advised by the City Attorney that said motion would only be in order if the resolution disapproving the decision of the City Planning Commission had been adopted by the Board, and there being no objection, Supervisor Feinstein withdrew her pending motion.

The President thereupon reassumed the Chair.

File 101-77-104, Ordinance No.

(This item is the subject of previous budgetary denial; requires 8 votes for passage pursuant to Charter Section 6.306.)

The Clerk advised that the foregoing legend on the Board Calendar is incorrect as the City Attorney has rendered an opinion that the measure requires only a majority vote for passage rather than a two-thirds vote.

There being no objection, at the request of Supervisor Molinari, consideration of the foregoing measure was temporarily postponed so that Deputy City Attorney James J. Stark could review the 1977-78 budget explanation covering the foregoing case to determine whether, in fact, a two-thirds vote is required.

Consideration Resumed; Finally Passed

The following from Finance Committee without recommendation, appearing on the Calendar under Unfinished Business and heretofore considered, was taken up:

Ordinance appropriating $350,000, Airport, Airport Revenue Bonds, fees and expenses.

File 101-77-104, Ordinance No. 45-78

Deputy City Attorney James J. Stark reported to the Board that on the basis of the additional facts presented by Supervisor Molinari the foregoing measure would require a two-thirds vote for passage.

Supervisor Kopp noted the fact that the City Attorney Opinion

of January 13, 1978 also stated that the Board of Supervisors may not refuse passage of the subject supplemental appropriation ordinance as the passage of the revenue bond issue by the electorate of the City and County created a contractual relationhip between the electors and the Board. He then inquired of Deputy City Attorney Stark what the City Attorney's Office would do if the measure failed of passage and the Airports Commission intended to carry out such contract and asked the City Attorney to bring appropriate action. In response, Mr. Stark advised that his recommendation would have to be to advise the Commission to pursue mandamus action to carry out the law.

The roll was thereupon taken on the pending proposed ordinance and it was finally passed by the following vote:

Ayes: Supervisors Dolson, Feinstein, Gonzales, Hutch, Kopp, Lau, Pelosi, White—8.

Noes: Supervisors Milk, Molinari, Silver—3.

The Board thereupon resumed consideration of Calendar matters in the order set forth therein.

The following recommendation of Planning, Housing and Development Committee, heretofore considered, was taken up:

Ordinance amending Subdivision Code to provide that conversion of a project containing 1,000 dwelling units shall be approved only with consent of thirty-five percent of tenants thereof. (Supervisor Kopp)

File 569-74-4, Ordinance No.

(Amends Section 1385.)

(January 9, 1978—Consideration continued to January 16, 1978, with pending motion to amend.

(Pending motion to amend is as follows:

"DELETE present page three;

SUBSTITUTE the following:

(g) If one or more of the units in the project are occupied by

tenants of low or moderate income as defined in this Code, the subdivider shall contract with the Central Relocation Service to provide permanent relocation services for such tenant or tenants, and the subdivider shall bear the cost of that service and the actual moving expenses of such tenant or tenants to the extent approved by the Central Relocation Service. (h) In addition to the above requirements, no conversion of a project containing one thousand (1,000) or more units or of a portion of a project or development containing one thousand (1,000) or more units shall be approved unless a number of tenants in such project or in such development, equal to or exceeding thirty-five percent (35%) of all the units in the project or development shall have consented in principle to the proposed conversion. For the purposes of this requirement, each unit shall have one vote and only tenants who were in occupancy at the time of the filing of the Tentative Map shall vote. Each tenant voting shall subscribe his or her name to a list to be filed with the Advisory Agency. Tenant consent to conversion in principle shall not be obtained by either:

1. Representations to the tenant which violate SMA or Real Estate Commissioner regulations prohibiting offering units for sale prior to issuance of the State Subdivision Report; or

2. By offering to the tenant a discount on the purchase price, or other inducement to consent, which will not be offered to all other tenants or other non-tenants.

Conversion of a project or development containing over one thousand (1,000) units or of a portion of a project or development containing over one thousand (1,000) units is prohibited.
Amend title accordingly.")

Ruling of the Chair

Supervisor Pelosi reported to the Board that in committee Supervisors Murphy and Tamaras had voted against subject legislation and that he had voted for it, but that prior to convening of the Board session on January 9, Supervisor Tamaras had indicated to the Clerk's staff that he wished his vote to be recorded in the affirmative.

After discussion as to whether the vote of a Committee could be changed subsequent to its recordation in Committee, the Chair ruled that such action is not permissible. In compliance with said ruling, official Board record on the foregoing measure to be corrected by Clerk to reflect committee recommendation of "Do Not Pass; Supervisor Pelosi dissenting".

Motion to Continue Consideration

Supervisor Kopp, seconded by Supervisor Molinari, moved that consideration of the pending proposed ordinance with pending motion to amend be continued to January 23, 1978.

Motion to continue consideration adopted by the following vote:

Ayes: Supervisors Dolson, Feinstein, Gonzales, Hutch, Kopp, Lau, Milk, Molinari, Pelosi, Silver, White—11.

"Although the power of the Presidency eluded him, Hubert Humphrey held a far greater power—the spiritual power to inspire the outpouring of genuine love and universal respect we have seen and felt in recent days.

"During his brilliant career, Hubert Humphrey used his great powers in a courageous struggle to bring the American dream of equal opportunity within the reach of all people.

"Thirty years ago he inspired America to leave the shadow of states rights and emerge into the bright sunlight of human rights.

"Today the struggle for justice and equal opportunity continues in new arenas.

"Women, the elderly, handicapped and gay people are emerging on the front lines to join racial and ethnic minorities in bringing sunlight to the dark shadows of prejudice, ignorance and fear.

"We have lost our great teachers, Martin Luther King, Jr. and Hubert Humphrey. But their examples of courage, hope and decency will inspire people of goodwill for generations to come."

STATEMENT BY SUPERVISOR JOHN L. MOLINARI RELATIVE TO SALARY STANDARDIZATION ORDINANCE FOR MISCELLANEOUS EMPLOYEES

FOREWORD:

The Salary Standardization recommendations for miscellaneous employees for fiscal year 1978-79 have been prepared under the procedures mandated by Charter Section 8.407. The Civil Service Commission has certified to the Board of Supervisors the prevailing basic pay rates for miscellaneous employee classifications, utilizing the formulae and procedures required by those Charter provisions.

The Board of Supervisors is mandated by the Charter to fix basic rates of pay as close as reasonably possible to the prevailing rates certified by the Civil Service Commission, and shall not set the maximum rate for any class in excess of the maximum prevailing rate for that class. Also, no employee shall have his basic pay rate reduced by the process. The proposed Salary Standardization Ordinance which is before the Board conforms to those requirements.

In considering these Salary Standardization certifications over the past several weeks, your Legislative and Personnel Committee has had the advantage of participation by the members of the Board. A central factor in that process has been a full recognition of the severe financial circumstances which continue to confront both the taxpayers and the employees of the City and County.

All data regularly submitted has been evaluated with extreme care, has been referred to the Civil Service Commission for review and analysis, and has been returned to the Board with such revisions and certifications as the Commission deemed warranted.

All interested parties were given an opportunity to be heard fully and publicly. Civil Service Commission certifications and determinations as originally submitted and as revised, have been reviewed comprehensively and intensively by the Committee during long hours of careful consideration.

The estimated cost of the salary increases in the proposed ordinance certified by the Civil Service Commission is $18.6 million. The estimated cost of the working conditions and benefits recommended by that Commission together with those proposed as a result of meet-and-confer sessions with employee organizations will be an additional $381,000, for an approximate total of $18,-

981,000. The portion to be borne by ad valorem taxes is estimated at $14,200,000. The foregoing estimated costs have been provided by the Controller.

DOCUMENTATION:

Each member of the Board has received a copy of:

(1) The Civil Service Commission's report of the Salary and Wage Survey dated January 20, 1978, and the proposed schedules of compensation as certified by the Commission for classifications subject to the provisions of Charter Section 8.400, 8.401, and 8.407, together with the Commission's letter of transmittal dated January 27, 1978.

(2) The Commission's letter to the Board of Supervisors under date of March 16, 1978, transmitting the Commission's certification of updated salary information for classifications subject to the provisions of Charter Sections 8.400, 8.401 and 8.407, was received by the Committee prior to its last meeting, and was received today by the other members of the Board.

The foregoing constitute the Civil Service Commission certification and recommendations. Also received by each Board member was a copy of the proposed Administrative Provisions, together with proposed amendments to those Provisions.

ADMINISTRATIVE PROVISIONS—
WORKING CONDITION BENEFITS:

The Legislative and Personnel Committee and all Board members studied carefully the Civil Service Commission's determinations and certifications as to Administrative Provisions, as well as others which were urged independently by employees. It gave careful attention to both verbal and written representations by interested individuals and organization representatives, and referred those provisions to the Employee Relations Division for the meet-and-confer process.

Pursuant to Charter Section 8.407 and opinions of the City Attorney, the Board of Supervisors through its designated representative is required to meet and confer with employees and employee organizations on matters within the Board's jurisdiction. The issues within the Board's jurisdiction have been basically defined as only those administrative provisions of the Salary Standardization Ordinance including hazard pay when certified by the Civil Service Commission as prevailing for the employees in the areas surveyed by the Civil Service Commission.

The full Board, in February 1978 agreed to authorize the Legislative and Personnel Committee to meet with and set parameters for the latter's negotiations with recognized employee organizations. The matters discussed below and presented to the full Board today are the result of utilizing this procedure.

In the past three months the Employee Relations Division met and conferred with twenty recognized employee organizations. By

the mandated Charter deadline of March 15, agreements had been attained with 10 organizations. Those employee organizations with which agreements were made are as follows:

1. Operating Engineers, Local #3
2. Warehouse Union, Local 860, Deputy Sheriffs Association
3. Engineers & Scientists of California
4. Service Employees International Union, Local 66A, 250, 400 and 535
5. Building Material and Construction Teamsters, Local 216
6. Stationary Engineers, Local 39
7. Automotive Machinists, Local 1305
8. Supervisory Employee Association, Muni (SEAM)
9. Freight Checkers, Clerical Employees and Helpers, (Teamsters, Local 856)
10. Transport Workers Union, Local 250-A

Pursuant to Charter Section 9.108 the last demands of the employee organizations with which the Board did not reach agreement are to be placed on the ballot at the next general election for voter approval or rejection. The employee organizations last demands which fall in this category are:

1. International Brotherhood of Electrical Workers, #6
2. Laborer's International Union, Local 261
3. Glaziers and Glassworkers, Local 718
4. United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry, Local 38
5. Hod Carriers, Local 36
6. Bricklayers, Stone Masons, Terrazzo Mechanics, Marble Masons, Pointers, Caulkers and Cleaners, Local Union No. 7
7. Sheet Metal Workers International Association, Local 104
8. Union of American Physicians and Dentists
9. Painters Union Local #4
10. International Federation of Professional and Technical Engineers, Local 21

The issues agreed to between the Board of Supervisors through the Employee Relations Division and the various employee organizations fall into two categories; (1) those agreed upon issues which should be included in the administrative provisions of the Salary Standardization Ordinance; and (2) those agreed upon items which need only be included in a memorandum of understanding to be effective and enforceable.

Items falling in the former category range from sewage premium for certain employees to a reduced work week for Library Technicians. These agreed upon changes were particularized and presented to the Legislative and Personnel Committee on March 17, 1978 and have been distributed to the members of the Board and

other interested parties. The additional cost to the City and County for these concessions is approximately $317,000.

Items which fall into the latter category include such matters as the providing of ammunition for Deputy Sheriffs and the payment of tool insurance premiums for Automotive Mechanics. A complete list of those items agreed to in this category has also been prepared and distributed to members of the Board and other interested parties.

There are obviously some costs involved in these items that will require action on the part of appointing officers, the Mayor and the Board of Supervisors to implement said agreements even though the provisions are not in the Salary Standardization Ordinance. The Employee Relations Division will make all concerned parties aware of said agreements and do all that is possible to insure that the agreed upon issues are implemented.

The total cost of these items is approximately $64,000 bringing to a total an amount of approximately $381,302 as the cost of items negotiated by the representatives of the Board of Supervisors.

It should be pointed out that all memoranda of understanding negotiated by the Board of Supervisors this year contain a provision acknowledging the possible passage of the "Jarvis-Gann" constitutional amendment and it's potential economic impact upon the financial condition of the City and County of San Francisco. Each memorandum of understanding has a clause which provides that in the event the "Jarvis-Gann" amendment is adopted by the voters all new or additional cost items negotiated this year in these new agreements, become inoperative.

The Committee recommends that the Board approve and adopt the Administrative provisions as submitted today.

SCHEDULE OF COMPENSATION:

The schedule of compensation which is now before this Board has been certified by the Civil Service Commission as conforming to the provisions of Charter Section 8.407 relative to prevailing rates, and reflecting the data developed from the Commission's initial salary survey for 1978-79, approved January 27, 1978, and from an updating of that survey approved by the Commission on March 16, 1978.

It is not feasible to set forth herein the details of those schedules. I shall, however, touch upon some significant aspects of the schedules which the Legislative and Personnel Committee believe should be noted by Board members and the public.

Approximately 15,072 permanent employees of the City and County will receive salary increases on July 1, while the salaries for about 2,610 permanent employees are currently above the level of prevailing rates, as shown in the salary survey. Thus, salaries for those employees now being paid above prevailing rates are not certified for an increase in 1978-79.

Salary increases submitted by the Civil Service Commission are

estimated by the Controller to cost approximately $18,600,000 with the ad valorem cost to the City and County being estimated at $13,900,000. This figure includes basic salaries, internal adjustments, and costs for the City's contribution to retirement and social security funds. It does not relate to costs for employees of the San Francisco Unified School District or the Community College District. The weighted average increase of those positions receiving an increase is 7.57%.

CONCLUSION:

The recommendations submitted today constitute the Civil Service Commission certifications, determinations, and recommendations, take into account the Commission's wage survey data, the data submitted by employee and taxpayer representatives, and reflect a number of lengthy and complex meet-and-confer sessions with many employee organizations. The recommendations of the Legislative and Personnel Committee also take into account the current serious inflation-recession-unemployment problems which continue to confront the City and County.

Approval of these recommendations will provide salary levels which the Civil Service Commission states reflect the prevailing rates being paid for like work in the various jurisdictions outlined in Charter Section 8.407.

It should be noted and stressed that Charter Section 8.407 states that the Civil Service Commission shall determine the generally prevailing rates and the Board of Supervisors shall fix pay rates as close as reasonably possible to prevailing rates determined by the Civil Service Commission.

The Legislative and Personnel Committee, noting the methods used to calculate internal adjustments in such a way as to continue the escalation of executive salaries while not recognizing lower classifications with respect to the rate of inflation and the cost of living, recommends to the Board that the proposed schedules of compensation be returned to the Civil Service Commission for review and reconsideration, and that the Board call a special meeting to be held at 2:00 p.m., Thursday, March 23rd, to consider further action at that time.

It is worth pointing out again, that of the 18.9 million dollar wage and working condition package before the Board today, the Board has recommended only some $381,000.

Charter Section 8.407, adopted by the voters in November 1976 as Proposition D, has taken the right and responsibility of the elected officials to set salaries and placed it in the hands of non-elected appointed officials rather than elected representatives of the taxpayers. Therefore, we believe that a modification of Charter Section 8.407 must be submitted to the voters before the initiation of next year's Salary Standardization process.

The counsel of all Board members was freely and fully exchanged in all of the Salary Standardization sessions and related executive sessions with the Chief Negotiator. In light of all the

information which could be drawn reasonably from the great volume of data submitted, the Committee members are convinced that the foregoing recommendations are in order.

My committee colleagues, Vice Chairman, Dan White and Lee S. Dolson, join me in officially submitting these recommendations. We wish to acknowledge the invaluable assistance and extremely diligent work performed by Mr. Milton N. Mares, Chief Negotiator; Ms. Jean Pral, Employee Relations Representative; Mr. James Lazarus, Deputy City Attorney; Mr. John C. Farrell, Controller; Mr. Harvey Rose, Budget Director and Analyst; and their respective staffs.

The following from Finance Committee with recommendation "Do Pass After Amendment" was taken up:

Annual Budget of the City and County of San Francisco for fiscal year 1978-79.

File 100-78

Supervisor Kopp presented the following statement on behalf of the Finance Committee:

BUDGET STATEMENT OF SUPERVISOR QUENTIN L. KOPP ON BEHALF OF THE FINANCE COMMITTEE

The Finance Committee, Supervisors Dolson, Hutch and the Undersigned, herein present to the Board its recommended City and County Budget for the fiscal year 1978-79.

Initially, the Committee commends and thanks Controller John Farrell, his budget assistants Bill O'Sullivan and Ralph Chin, the Mayor's Executive Deputy for Program and Fiscal Administration, Rudolf Nothenberg, his Budget Assistant Ray Sullivan, and their staffs for their valued assistance and cooperation. Further, the Committee commends and thanks the Board of Supervisors' Bureau of the Budget for their efforts. All of these persons expended long hours to guide the Committee in its recommendations.

Supervisors Dolson and Hutch and I submit the Finance Committee recommendations to the Board, as summarized below, with unanimity.

The budget data of the School District and the Community College District are not included below because these budgets, by law, are not subject to either review or action by the Board.

Comparative Budget Data

1977-78	Budget	$831.2 million
1978-79	Mayor's Recommended Budget	$913.0 million
1978-79	Finance Committee's Recommended Reduction of Mayor's Budget	$ 61.4 million
1978-79	Finance Committee's Recommended Budget	$851.6 million

Based on readily available records, the Finance Committee recommendations represent the *largest* total reduction in the City's

history, to wit, *$61,400,000*. The Committee believes that this budget is both equitable to San Francisco taxpayers as well as to the City and County departments.

Highlights of the Committee's recommendations are as follows:

Vehicles

In continuation of the vehicle acquisition program initiated in the current year's budget, the Committee has recommended 31 new automobiles, 5 new station wagons, and 32 new light package truck and vans for departments financed by ad valorem taxes, excluding the Police Department. The Committee believes that replacing the City's old higher-maintenance cost vehicles in a systematic manner will result in savings to taxpayers.

Police Department

The Committee has recommended approval of 87 new civilian employees who would be used in lieu of uniformed personnel currently holding clerical and administrative positions in the Police Department. Under this proposal, on a phase-in basis, an equivalent number of uniformed personnel will be released to perform police protection services. The Committee has recommended the deletion of 33 new civilian personnel since the addition of these personnel would not relieve uniformed officers for other duties. The Committee has also approved an additional 100 uniformed police officers in order to provide increased police protection for the citizens of San Francisco. The Committee believes that despite the fact that some crime statistics indicate the crime rate is down from 1976-77 in San Francisco, there is still inadequate police protection to safeguard the citizens of San Francisco. The Committee has also provided funds for 101 new Police vehicles.

The Committee has recommended that the salary savings proposed for uniformed personnel by the Mayor be increased from $604,000 to $1.6 million. This increase can be accomplished without *any* reduction in services and would allow the Police Department to fill all vacancies as soon as officer training programs can be completed. The Mayor's budget staff has suggested that the recommended salary savings be used to fund extra duty (overtime) for uniformed personnel. This suggestion conflicts with the Mayor's budget recommendation to reduce the overtime account for uniformed personnel by $137,784 from the Police Department's request. Apparently the Mayor was not convinced of the willingness of Police Department personnel to accept overtime. The Committee shares this skepticism and, in addition, does not believe that such an extensive use of overtime is an adequate or good management practice substitute for needed additional personnel.

Department of Public Health—
Community Mental Health Services

The Committee has recommended the approval of three new programs in the Community Mental Health Services, a residential

treatment program in the Mission Terrace Hospital facility budgeted at $560,000, a Japanese community outpatient and education program in the Westside district to be funded for six months at a cost of $17,895 and an information and referral service for Chinese residents of the Northeast district costing $13,404. New mental health programs or program expansions proposed by the Mayor which would cost $351,920 and be funded by *ad valorem* taxes have not been approved by the Committee.

Hetch Hetchy

The Committee noted that the Hetch Hetchy budget, as proposed by the Mayor, would require *ad valorem* tax support in the amount of $5.2 million. This would be the first time that Hetch Hetchy required tax support since 1945. In order to eliminate the need of Hetch Hetchy being placed on the tax rolls, the Committee has recommended reductions in the Hetch Hetchy budget totalling $5,807,516. The Committee has also recommended a reduction of the purchase of power from the Pacific Gas and Electric Company (P.G.&E.) in the amount of $28,080,000. While Hetch Hetchy had intended to substitute the P.G.&E. power in lieu of its own more profitable power for the purpose of fulfilling its long-term contractual obligations to the Modesto and Turlock Irrigation Districts, current litigation has precluded Hetch Hetchy from doing this. This matter directly relates to findings disclosed in the April, 1978 Management Audit Report prepared by the Board's Bureau of the Budget.

Department of Social Services

While the budget for the Department of Social Services as recommended by the Committee represents approximately a $3 million reduction from that approved by the Mayor, this reduction will not reduce the level of services provided by this Department. The Committee noted that the General Assistance caseload has been dramatically reduced by management over the past two years by making certain that only those persons who are eligible remain on the welfare rolls. The Committee's recommendation allows five new positions for the evaluation of the effectiveness and efficiency of the Department's operations and two new positions for contract compliance. In addition, the Committee, relying on the Department head's representations as to the complexity of administering the Aid to Families with Dependent Children (AFDC) program when compared to the other aid programs, has recommended the upward reclassification of 138 eligibility workers in AFDC.

Publicity and Advertising

The Committee noted that since 1970-71, the City's budget has increased 8.8 percent on an average annual basis. Providing the same growth for the Publicity and Advertising budget would result in a $3,442,000 budget for such expenditures in 1978-79. The Committee recommended an amount of $3,900,000 or a decrease of $600,000 from the Mayor's recommendation of $4,500,000.

Airport

Due to pending litigation and a lower court injunction, Hetch Hetchy can now only charge the Airport for Hetch Hetchy power at 1958 rates. Therefore, the Committee has recommended a reduction in the Airport's Light, Heat & Power account of $5,284,800.

County Clerk/Clerk of the Superior Court

The County Clerk has requested 24 new positions which were recommended by the California Judicial Council Calendar Management Technical Assistance Team. The Committee recognizes that it is essential for this office to have adequate staff to carry out its important functions. For this reason, the Committee recommends the approval of 13 of these positions including five Law Clerks, two Courtroom Clerks, three Assistant Supervising Court Clerks, and three Legal Process Clerks. Such additional staffing will provide a higher degree of supervision for all Courtroom Clerks and for the new Legal Process Clerks who will be assigned to process all new filings through the microfiche system. The funds for the necessary new equipment for the microfiche system has also been provided. The Committee believes that the approval of 13 of the 24 positions requested will enable the County Clerk to phase in this particular function over a two-year period.

Recreation and Park Department

The Committee, recognizing the significant efforts of private persons and organizations who have contributed and raised private funds which have been committed to complete the rehabilitation of the Golden Gate Park North Dutch Windmill Rehabilitation Project, was dismayed that the $60,000 requested by the Department to complete this project was deleted by the Mayor. The Committee has recommended the financing of this capital improvement in order to bring this worthwhile project to a timely completion.

Board of Supervisors—Administration

The Committee has recommended the approval of one new Senior Clerk Typist position for the Clerk of the Board. While workload has significantly increased, the clerical positions reporting directly to the Clerk have not been increased for ten years. However, the Committee has recommended reductions in the Board's budget of $530,544 including $447,200 to expand the Board's offices. The Committee felt this expenditure is nonessential and should not be approved at this time.

Board of Supervisors—Employee Relations Division

The Committee has recommended a reduction of $53,337. Recognizing that Proposition "D" approved by the electorate in the November, 1976 election significantly reduced the workload of the Employee Relations Division, the Committee's recommended reduction of this unit would reduce the budget 16% below its existing 1977-78 budget.

Board of Supervisors—Bureau of the Budget

The Committee has recommended the addition of four new professional positions to the Bureau of the Budget's regular budgeted staff of seven positions. Based on the prior work of the Bureau, the Committee is confident that these four new positions will save vastly more money for taxpayers than they cost. A primary objective of the Committee is to direct the Bureau of the Budget to conduct management audits of all City and County departments on a systematic basis in order to identify areas relating to improved efficiency, effectiveness and economy. Due to the Bureau's heavy workload of special studies and reports, and the provision of staff services to the Finance and Health and Environment Committees, a systematic program of departmental management audits has not been possible with existing staff. However, this bureau has saved taxpayers over $20,000,000 in five years and can save even more with management audits of every City department.

City Planning Department

The Committee deleted four new positions approved by the Mayor for the Planning Department. Two of these positions can continue to be financed with Federal funds and the other two are not considered essential. Subsequent to the Committee's budget decisions on the Planning Department, the Committee learned of a memorandum issued to all departmental employees by the Director of Planning entitled "What to Do in Case of a Management Audit". This memorandum was used to alert employees of any future management audit which might be conducted by the Board of Supervisors' Bureau of the Budget. Although the specific recommendations of the Committee were not influenced by this memorandum, the Committee notes that the Bureau of the Budget has an acknowledged record for discovering wastage and inefficiencies in City departments and that the Director of Planning is apparently concerned that such a condition could exist in his department. The Committee believes that the issuance of memoranda of this nature is not in the best interests of the City.

Sheriff

The Committee is concerned about a letter from Undersheriff James Denman suggesting that the Sheriff's Department may discontinue accepting out-of-county prisoners into County jails at some future time. The proceeds from housing these prisoners have totaled in excess of $200,000 annually in recent years. These revenues are reimbursements to the City and County for the costs of maintaining these out-of-county prisoners. However, these revenues have not been appropriated to the General Fund but rather have been used to upgrade conditions in the County jails. In the 1978-79 Sheriff's Department budget, the Committee has recommended that some of these revenues, in lieu of ad valorem taxes, be used to fund a women's work furlough program and an improved meal service program. Loss of these revenues could mean

a deterioration of general conditions in the County jails and a defunding of these specific programs which the Committee has recommended. The Committee suggested that some of these reimbursement revenues might also be used for general City and County purposes. Immediately after hearing this suggestion, the Undersheriff wrote a memorandum to the Sheriff's Department staff stating that the Sheriff's Department would stop accepting out-of-county prisoners. Although this memorandum has now been superseded, the Undersheriffs most recent letter on the subject indicates that the Sheriff's Department may still attempt to end the program and thereby suffer a deterioration of general conditions in the County Jails rather than permit a part of the revenues from this program to be used for general City and County purposes. Such a tactic indicates an attitude which the Committee finds deplorable and anti-taxpayer.

Port

The total budgeted costs for salaries and fringe benefits of Fire Department personnel to operate the fireboat for 1978-79 is $936,-287. The Port's budget contains funds for only $467,133 of this amount or about six months funding with a balance of $469,154 financed by the Fire Department. The Committee is of the firm belief, supported by the City Attorney's written opinion, that the Port has the legal responsibility fully to finance the same fire protection services on the waterfront as existed when the State transferred the Port to San Francisco. Therefore the Committee has recommended and the Board of Supervisors has concurred that the City Attorney file a lawsuit against the Port to compel the Port to pay for the full cost of the fireboat in accordance with the agreement under which the State transferred the Port to the City and County. In the meantime, the Committee has deleted the funds contained in the Fire Department's budget related to the costs of the fireboat.

Unemployment Insurance

The Committee made a detailed review of this new State-mandated program which was recommended by the Mayor in the amount of $2,845,609. Based on the Committee's review, it is recommended that this account be reduced by approximately $1.5 million.

Employees Retirement System

The Committee recommended a reduction of $6.5 million related to the retirement costs of former employees who worked for the City prior to 1932. These retirement costs have always been an unfunded liability. Beginning in 1978-79, these costs will be fully provided over a 14-year period of time. Establishing a 14-year funding period for this liability will result in significant savings to the City.

Amendments to the Administrative Provisions of the Annual Appropriation Ordinance and Annual Salary Ordinance

Based on data furnished by the Controller and the Civil Service Commission, the Committee recommends amendments to the Annual Salary Ordinance in accordance with the Controller's recommendations for charges and deductions for meals, laundry and housing provided to City employees whose compensation is subject to the provisions of Section 8.400 of the Charter and in accordance with the Civil Service Commission's recommendation that the maximum rate for part-time services shall not exceed $326 per month for City employees whose compensation is subject to the provision of Sections 8.400 and 8.401 of the Charter. Based on data furnished by the Controller, the Committee recommends amendments to the administrative provisions of the Annual Appropriation Ordinance concerning (a) the Water Quality Improvement Trust Fund, (b) monies received from lessees or operators of City-owned property, (c) hotel tax receipts allocated to the Yerba Buena Redevelopment Project, and (d) amounts appropriated for the purchase of insurance or the payment of insurance premiums. In the absence of contrary directives from the Board, the Committee will proceed further as recommended therein. Such amendments will restore Board jurisdiction over specific expenditures of Yerba Buena and Wastewater Treatment Project expenditures.

SPECIAL ORDER — 2:00 P.M.

Hearing Held — Appeal Denied

Hearing of appeal from decision of Director of Public Works disapproving tentative map for six-unit condominium conversion subdivision, located at 1561 Clay Street.

File 125-78-6

Supervisor Hutch, seconded by Supervisor Lau, moved that the Board resolve itself into a Committee of the Whole.

No objection and motion carried.

Mr. Alec Bash made a presentation on behalf of the City Planning Commission, citing the fact that the City Planning Commission had unanimously denied the application on the ground that such a conversion would reduce the already scarce supply of moderate income housing in the City and, therefore, was inconsistent with the City's Master Plan.

There was a general discussion on whether the developer plans to sell the units in an "as is" condition; the purchase prices; how long the residents have been there, renting on a monthly basis; when they could have purchased their units; how many vacancies there have been since the time of the conversion.

Thereafter, Mr. Herman Beneke of the Department of Public Works, made a brief statement advising the Board that the Department was precluded from approving the application in lieu of the decision of the City Planning Commission.

President Pro Tempore

At the request of the President, Supervisor Kopp assumed the Chair in order that the President might participate in the debate from the floor.

Mr. Thomas Owens, Appellant, made a statement on his own behalf.

Opposing Appellant:

Ms. Sue Lee, 1561 Clay Street

Ms. Carrie Carroll, 3755 Divisadero Street

Mr. Michael Fong, 1561 Clay Street

Mr. Julian Low, 1561 Clay Street

Supervisor Kopp stated the Board imposed certain conditions on the last condominium conversion, and that the subdivider agreed to pay $1,000 for moving expenses. Mr. Owens stated he had offered $300, but agreed to pay $1,000 for moving expenses.

Supervisor Kopp inquired if the tenants have the right of first refusal. Mr. Owens stated they have the right of first refusal.

Supervisor Kopp inquired about a discount to be offered to tenants. Mr. Owens agreed to a 15% discount.

At the conclusion of the public hearing, Supervisor Dolson, seconded by Supervisor White, moved to rise and report without recommendation.

No objection, and motion carried.

Supervisor Pelosi, seconded by Supervisor White, moved to disapprove the decision of the Director of Public Works disapproving the tenative map subject to the above conditions.

Supervisor Molinari, seconded by Supervisor Feinstein, made a substitute motion to approve the decision of the Director of Public Works disapproving the tentative map.

President Reassumed Chair

The President reassumed the Chair.

Substitute motion adopted by the following vote:

Ayes; Supervisors Dolson, Feinstein, Gonzales, Hutch, Kopp, Lau, Milk, Molinari, Silver, White—10.

No: Supervisor Pelosi—1.

The Clerk of the Board was directed to prepare a resolution approving the action of the Department of Public Works.

SPECIAL ORDER — 2:00 P.M.

Hearing Held — Appeal Granted

Hearing of appeal from decision of Director of Public Works disapproving tentative map for twelve-unit condominium conversion subdivision, located at 1435 Bay Street.

File 125-78-7

Mr. Alec Bash made a presentation on behalf of the City Planning Commission, citing the fact that the Commission determined that all twelve units to be converted are part of the moderate income housing stock of the City, and the purchase prices as proposed would effectively remove them from the moderate income housing stock of the City; that the tentative map is not consistent with the Master Plan as the conversion would cause a net loss of units affordable by low- and moderate-income households.

There was a general discussion respecting the purchase price of the building, cost of improvements, and conditions proposed by Timothy A. Tosta, Esq., counsel for Mr. Monty Stickles, Respondent.

Thereafter, Mr. Herman Beneke of the Department of Public Works made a brief statement advising the Board that the Department was precluded from approving the application in lieu of the decision of the City Planning Commission.

Mr. Monty Stickles, Appellant, made a statement on his own behalf.

Supporting Appellant:

Ms. Jackie Brewer, 1435 Bay Street

Ms. Wanda Montgomery, 1435 Bay Street

Opposing Appellant: None.

PROCLAMATION OF EMERGENCY

WHEREAS, the electors of the State of California at an election held in said State on the 6th day of June 1978 ratified and approved an amendment to the Constitution of the State of California which limits the ad valorem taxes on real property to 1% of full cash value and further limits the full cash value of real property for assessment purposes to the 1975-76 assessed value; and

WHEREAS, the said constitutional amendment takes effect for the tax year beginning July 1, 1978; and

WHEREAS, pursuant to the procedures set forth by law and in the Charter of the City and County of San Francisco the budget for the City has been adopted for the fiscal year 1978-1979 which budget includes the sum of $261,110,175.00 to be raised by ad valorem taxes in order for said City and County of San Francisco to operate within said budget and provide the municipal services included therein; and

WHEREAS, the said constitutional amendment will severely reduce the amount of ad valorem taxes available to the City and County of San Francisco as well as the ad valorem taxes available to the various districts within said City and County leaving ad valorem taxes available to the City and County budget in an amount which will necessitate severe reductions in the sums available to operate all city services; and

WHEREAS, the reduction of the amounts from said budget necessitates that reductions must be made of expenditures in departmental budgets funded by the ad valorem tax; and

WHEREAS, a reduction in expenditures in the budget which would reduce the ad valorem taxes necessitates a reduction which would effect vital city services and result in the curtailment or elimination of said city services; and

WHEREAS, the city services which are funded in large part by ad valorem taxes are services which involve protecting the lives, property and welfare of the citizens as well as the property of the City and County of San Francisco; and

WHEREAS, in order to implement the necessary reductions in the ad valorem revenue of the city budget the Mayor made studies and surveys in anticipation of the passage of the aforesaid Constitutional Amendment; and

WHEREAS, unless the Mayor and Board of Supervisors adopt a reasonable plan to meet the severe reduction in the ad valorem

revenue of the city budget to be effective immediately at the commencement of the fiscal year 1978-1979, vital city services will be eliminated or severely curtailed due to lack of funds; and

WHEREAS, unless the Mayor and Board of Supervisors adopt a reasonable plan to meet the severe reduction in the ad valorem revenue of the city budget the result will be the elimination of city srvices which operate from ad valorem revenues at that time in the fiscal year when the ad valorem revenues are entirely depleted; and

WHEREAS, certain of the city services which operate on the ad valorem revenues are police services, fire services and health services all of which are vital to the lives, property and welfare of the citizens and the property of the City and County of San Francisco; and

WHEREAS, unless the Mayor and Board of Supervisors adopt a reasonable plan to meet the severe reductions in the ad valorem revenues of the city budget there will be resulting terminations of personnel in all city departments where said personnel are compensated with ad valorem revenues causing widespread unemployment in the City and County of San Francisco; and

WHEREAS, there is a compelling necessity for keeping city departments at the highest possible operational level in order to protect the lives, property and welfare of the citizens and the property of the City and County of San Francisco; and

WHEREAS, Section 21080(b)(4) of the Public Resources Code of the State of California Division 13 of the Code, Section 21,000 et seq. Remarks of Supervisor Kopp

"I vote against the motion to concur in this Emergency Proclamation because it is premature, precipitous and unnecessary. The Emergency Proclamation raises Municipal fares without any public hearing, authorizes layoffs of City employees at the whim of department heads and a reduction in salaries of City employees at the discretion of department heads, at a time when the full amount of alternative financial resources is unknown. Rather than being a document providing discretion, it contains a specific series of governmental action without the benefit of open, public hearings and fails to recognize the fact that San Francisco can adjust to the implementation of Proposition 13 by utilization of surpluses and various governmental enterprises, direct state aid, state assumption of certain mandated programs, normal attrition by retirement of City employees, recapture of administrative costs owed San Francisco by the federal government for such programs as CETA, Wastewater and Community Development and, most importantly reform of management and Civil Service rules to enable greater flexibility in the employment utilization and promotion of personnel and the like."

ROLL CALL

The roll was called and the following Supervisors were noted present:

Supervisors Dolson, Feinstein, Gonzales, Hutch, Kopp, Lau, Milk, Molinari, Pelosi, Silver, White—11.

President Feinstein announced that Mayor Moscone had requested that he be allowed to address the Board re implementation of Proposition 13.

No objection and request granted.

Text of the Mayor's statement follows:

Madam President, and members of the Board of Supervisors:

Let me first express my thanks, and the gratitude of all San Franciscans for the cooperative and responsible way in which your Board has worked with my office in coping with unprecedented problems created by passage of Proposition 13.

You have before you now a proposal to increase our so-called "worst case" budget by some $68-million. This is in accord with levels previously suggested by my budget office and by the Board's budget office. It is some $90-million less than this year's pre-Jarvis-Gann budget.

It means severe cuts in some programs, and near normal operations for some high-priority departments, including police and fire, health services, and the Municipal Railroad.

You are also aware, I am sure, that the $68-million net increase is predicated on receiving some $50-million in state aid-money that we don't have in hand, and money that we have no assurances of receiving next year, or the year after that.

It is obvious that if the state spends its entire $5-billion surplus this year, to help cities, counties, the schools, and special districts meet their fiscal obligations, we will NOT have that surplus to spend again in subsequent years.

In the money package you are considering today, there are at least $34.5-million in city funds that will not be available to spend next year, or in subsequent years.

This includes some $16-million in cash reserves allocated by John Farrell, the City Controller. It includes a $10-million surplus the controller advises me we will have gained this year through prudent fiscal management. It includes a $6-million surplus in the Hetch Hetchy account that will be transferred to the general fund. And it includes $2.5-million in wastewater funds, also available on a one-time-only basis.

Clearly, San Francisco is going to be around for longer than just one more year. You and I, as responsible public officials, must plan for our civic future.

Twelve months from now, when we approach the 1979 fiscal year, we will have trimmed our sails. We will have reduced our payrolls. We will have cut fat, eliminated waste, and done whatever possible to meet the mandate of Jarvis-Gann.

But we will still have to finance a budget that requires a higher level of funding than is now in prospect—given the fact that most of the money we identified this year to supplement our "worst case" budget will already be spent.

It is my sincere belief that the people of San Francisco—who voted against Jarvis-Gann—demand higher levels of services, in some instances, than we are providing in the spending programs that are before you now.

For example, I believe there should be no cuts in Muni service. We are increasing fares by 10 cents, and charging a 10 cent surcharge during peak hours. Muni passengers have a right to ask for full service. I would therefore endorse an increase of $1.5-million in the Muni budget to guarantee no reduction in service.

Altogether, I would propose some $10-million in increases in your funding levels for various city departments and programs—above the recommendations of the select committee.

I would hope, for example, that you would see your way clear to fund our general assistance program. The courts said we cannot reduce the funding level—we must either pay it all, or none of it. There has been no indication that the state will pick up the cost. If we eliminate it entirely, it will cause unwarranted grief and hardship to many unfortunate San Franciscans who have nowhere else to turn. It is my recommendation to fund the general assistance program at $6.2-million.

I also recommend $1.2-million more for Office of Education funding, to pay for state-mandated costs of students who attend school outside San Francisco county and for whom we are responsible.

I propose we fund the Art Commission at 70 percent of this year's budget.

There is an amount of some $700,000 I recommend restoring for CETA averages. It may be that some of our full-time city employees who are laid off, can be picked up on CETA programs. We should have that option.

I am hopeful, as are you, that the State will take over the full cost of mandated welfare programs—at least for this fiscal year. I am in constant contact with Sacramento, and I can tell you that of the $5-billion State surplus, the most up-to-date estimate of how much will be allocated to cities and counties is $1.5-billion. Of that figure, we will be lucky to get $50-million for San Francisco—the amount your select committee is anticipating in its appropriations program.

Next year, assuming no new State taxes—and the governor has said there will be none; assuming no increase in State spending; and assuming continued economic prosperity for the State as a whole, the state surplus available for redistribution to cities, counties, schools, and special districts, will total only $1.4-billion.

On a pro rata share, we could assume state aid of $15-million next year, when the going is toughest, compared to $50-million this year, when we have more money to spend.

As you know, the Jarvis-Gann initiative makes it difficult, if not impossible, to increase taxes after July 1.

It does allow us to act now.

So I urge you to consider favorably the revenue package that is before you.

Some of the proposed increases apply to businesses and property interests that will be enjoying windfall profits as a result of Jarvis-Gann.

Much of the modest funding I hope to recover thereby would otherwise be taxed away by other jurisdictions, including the State and federal governments.

I think it absolutely crucial that we preserve our capacity to pay our bills, and to provide a level of services that is reduced, but is still in keeping with our obligations as one of the world's great cities.

As I told you before, I heard the message of Jarvis-Gann and I will heed it. But the City of St. Francis will not close its doors, or its heart. We will provide essential services in a responsible, efficient manner, and with all due respect to the proper concerns of our taxpayers.

At the conclusion of the Mayor's remarks, Supervisor White, seconded by Supervisor Molinari, moved to recess until 8:00 p.m.
